CLA approach for monitoring of the quality of education

Syeed Ahamed, CEO, IID

18th UNESCO-APEID International Conference
26-28 October 2016, Bangkok
Why CLA?
Lessons Learnt from Piloting
Opportunities and Challenges for Scaling-up
Why CLA

citizen-led household based national assessment of children’s basic competencies
because it’s the missing puzzle
How CLA in Bangladesh
1. ASER Materials

2. Localization

3. Digitization

4. Training
Proximity to Educational Institutions Positively Related to Performance?
Challenges & Opportunities
Challenges

1. Assessment of student vs. assessment of government
2. Too many vs. too little assessment and choices
3. More complex stakeholders - NGOs, CSOs, Educationists, Business
4. Financial support and declining aid
5. Volunteerism - eagerness vs. scope
6. Complex education system - Language, Faith, Grading, Curriculum
Opportunities

1. Indicators and a Monitoring Framework for the Sustainable Development Goals
2. Catching-up with latecomer effect
3. Pals and Networks
4. Eagerness within NGOs - BRAC
5. From policy to evidence (not just evidence to policy)
Thank you
