Country Report
Brief Situation Analysis of CLC

Please complete this report and submit to UNESCO Bangkok before the end of June 2011 (total 6-8 pages max)

1. Establishment and expansion of CLCs in the country – 1½ pages
   1.1. National policies and strategies of CLCs

Afghanistan National Policy toward CLC establishment:

According to article No. 44 of Afghanistan constitution, Ministry of Education especially Literacy department is duty bound to develop and support programs which eradicate illiteracy and generate income by vocational skill training.

Community learning Center (CLC) program is one of the good approaches for improvement of NFE and skills status of a community, which has been practicing in Afghanistan for the past 8 years.

Based on Ministry of Education strategy and objectives, Literacy department is planning to facilitate learning opportunity in literacy and skill training fields by offering variety of programs for every individual who has been deprived from education, by this way human recourse and income of the community will increase and finally illiteracy and poverty be eliminated from our country. In this process Literacy department especially CLC division plays a mobilization role in the community and acts as a bridge between government and community people. Therefore establishment of (214) CLCs are included in Afghanistan Ministry of Education’s 5 year strategic plan.

1.2. Objectives and target groups of CLCs

Objectives and Target groups of CLC

- CLC severs every individual living in the community regardless of, gender, age, language, race, nationality.
- Since literacy rate is very low in Afghanistan the main objective of CLC is to offer literacy education for the people who have deprived from education due to many reasons.
- To combine literacy education with vocational training programs.
- To improve vocational resources and enhancement of production and income generation through establishment of variety of vocational training programs according to people’s need.
- To organize variety of learning programs such as, cultural, economical, health, sport and other social activities for improvement of individuals skills.
To improve community people’s life status through literacy and vocational skills.

To achieve sustainability of community people, especially women, disables and people deprived from literacy and to make Effort to eradicate illiteracy.

To provide job opportunity for community people.

To gain participation of community people in every development of civil society.

To establish an effective mechanism between government and people.

To raise public awareness on development and expansion of literacy education activity and programs through CLCs.
