- Home Economics for girls.
- Technical skills courses are provided in 20 concerned Ministries, Local & International NGOs & Private Sector.
Constraining Factors

- Lack of proper guide line.
- Management mechanism
- Regular Support
- Recruitment & Training
- Some schools are functioning but not up to the expected target.

2 May 2014
Constraining Factors

- Establish Institute of Technology
- Producing semi skill workers become less.
- Not match with the needs of the nation.
- Poor in networking among Government sector, private sector and NGOs.
Lessons Learned

- National EFA Targets for EMIS was neither in NAP nor Mid-decade Assessment
- Life Skills based education has a relatively long development history in Myanmar
- Life Skills has the highest coverage rate in Primary Education. This is a major achievement.
Lessons Learned

- UNESCO contributes in conducting workshop, training, financial supporting & technical assistance.
- Reinforce a stronger network among government sector, private sector & NGOs.
THANK YOU VERY MUCH.
