Strategies for strengthening M&E for 2030

• Flexible and transparency data sharing
• Clear definition and common standards
• Greater communication and collaboration among different agencies and countries

Capacity

• Policy in training
• Team of specialization
• Data teachers (school levels)
• Remote area schools (District levels are data entry)
Coordinator

- Ministry
- Local governments
- Communities
- M& E working group within ASEAN and other regional entities

Funding and Resources

- Building capacity on infrastructure, software, allowances for training
