Relationship

- Students of Satit Chula come from numerous socio-economic backgrounds, however these differences do not affect how students and teachers treat each other. They are all Satit Chula. They are brothers and sisters who have known each other for 12 years.

- The relationships among members of the school are like relatives because more than 50% of the students are Chula staff's children, therefore, teachers treat everyone like nieces and nephews, or even sons and daughters.
Everyone is Included

- The school promotes collaborative learning between students and students with special needs, especially autistic ones.

- At present visually impaired students from the Faculty of Education come to Satit Chula for their practicum.
