

Points for discussion in group work

Country: ___Thailand_____

Moderator: _____ Note taker: _____

Please talk to each other about problems you have encountered during your work with MSM in the field. Focus on communication and discussions with MSM, condom promotion / distribution, referral to services, and relations with stakeholders / gatekeepers (police, shop owners, ‘gangsters’, other people at venues where MSM are). Also discuss ways you have (or have not) resolved these problems.

Problems encountered:	Solutions tried (pls also list solutions that did not work):	Assistance needed (if any), and from whom:
Target population - communication with Ethics Minority Group	-Coordinate collaborate with partner org. which work with vulnerable group -Train peer educator (Ethnic people)	IEC for ethnic Minority Group
- Stigma & Discrimination	- Increase understanding & Awareness in sexual diversity for general people	
- Trusting in partner	- Equality & Acceptance Provide information / Choice	
- unable to reach hidden MSM		
Communication with MSM(in Suana) limitation of time	- Short message	
HIV test result (ignore / refuse to get HIV test result)	- offer neutral data/ Information	- train VCT staff how to deliver result
Not enough lube to distributed	- Point out “how important lube” is - Give other options / saliva	More Support in giving lube
Target evaluation “How target understand the prevention	Ask to recheck – questionnaire /by month	

messages(or not)		
Collaborate with stakeholder venue owners, police (lack of collaborate)	<ul style="list-style-type: none"> - build positive relationship among them - keep contacting - point out the benefit - approaching skill to stakeholders 	
Attitude <ul style="list-style-type: none"> • Negative attitude of outreach workers toward the target pop • Negative attitude of Care Provider 	<ul style="list-style-type: none"> - train on sexual diversity among outreach staff / health service providers
